Growing wonder and more earnestness.

The Beaver Dam *Republican* of yesterday, has a labored article to prove that the people of the Slave States have a sacred right to take Slaves into the Territories, and keep them there. It says that the Democratic doctrine maintains "the equal rights of the citizens of the United States, North and South, to emigrate into the Territories, enjoying the same political rights and privileges *as in the State to which they belong*, restricted only by the Constitution."

That is, citizens emigrating from Slave States into the Territories, have the right to take Slaves there and treat them as such, because they enjoy that privilege at home, and the citizens of the Free States cannot take Slaves there, and use them as such, because they have *not* that privelege at home. Equal rights with a vengeance! Again, it says: "This is the Democratic doctrine, then—no interference with Slavery in the States and Territories by Congress." And once more: "The people never obtained their right to hold Slaves, of Congress, and Congress have no right to interfere with the people on this subject."

And to expose its own ignorance, and give the lie to the great fact in our Territorial legislation, which has made the North West the home of Freemen, it exclaims, "what would have been the fate of that instrument, suppose ye, if Congress by the Constitution, had claimed and inserted the right to prohibit Slavery, or interfere with it in any way, in the States and Territories! Every one knows that no Union would have been formed, or Constitution adopted. No, happily for our nation, Congress and the Constitution set up no claim to govern the States and Territories."

Could ignorance or mendacity go further?—And this—the right of Slaveholders to extend Slavery into all the Territories—is the entertainment to which the people are invited by the Sham Democracy!

What a change in six years! In 1850, the Democratic party of Wisconsin maintained the right and duty of Congress to abolish Slavery in the District of Columbia, to prohibit Slavery in the Territories, and to prevent the admission of any more Slave States.

Now, if the Beaver Dam *Republican* is credited, it asserts,

1st, That the people of the Slave States have the right to carry Slavery into the Territories;

2d, That Congress has no authority to interfere with this right; and

3d, That Congress never set up any claim to exclude Slavery from the Territories—though it did, in 1789, adopt and reaffirm the Ordinance of 1787, excluding Slavery from all the North West Territory.

THE LEVIATHAN STEAMER.—It is stated that 1000 men are at work on the mammoth steamer, and that she may be expected at Portland in May next. Mr. Betts, one of the Directors of the Steamship Company, completed the arrangements last week, for the building of the wharf for her accommodation at Portland, which is to be furnished at the expense of that city.

URIAH HEAP, the publisher of a scurrilous Buchanan sheet at Madison, says: "We advise Democrats not to take any bets for a day or two." This advice will be good till after election.

First Great Debate between the Fremont and Buchanan German Clubs.

THE debate, last evening, between the Republican and Democratic Clubs, was conducted with considerable energy and spirit.

The meeting was presided over by Mr. BALATKA, who had been chosen by the Committees of both Clubs. The Committees, after having been called, took their seats on the platform.

The President then announced the subject—"WHAT IS THE POSITION OF THE TWO OPPOSING PARTIES IN REGARD TO KNOW NOTHINGISM AND THE EXTENSION OF SLAVERY?"

Mr DOMSCHKE opened by remarking, that there have always been two great opposing parties—a struggle between nations and nations, between classes and classes, between races and races—the one, endeavoring to subdue the other, and, after having subdued them, trying to fasten the shackles to keep that nation, class or race in bondage. These great parties are,—Despotism and Liberty—Slavery and Freedom When the Patriots of 1776 framed the Constitution, they advocated the right of the oppressed, in the face of the European Despots. But, after the battles of the Revolution had been fought, and Freedom declared to be the nations' birthright of every human being, there arose a party, making a distinction between the races, and declaring that the black man was to be regarded as a chattel

He then went on to speak of the respective position of the two opposing parties in regard to the questions of Know Nothingism and Slavery. The Republican party, advocating *universal* liberty, in advocating the freedom of the *black* man, must necessarily oppose Know Nothingism in all its attempts to deprive *foreigners* or *Catholics* of the right of suffrage. The Democratic party, on the other hand, scouting the idea of *universal* liberty in advocating Slavery, must, necessarily be the ally of K. Nothingism.

Mr. RUPPIUS, then, on the part of the Democratic Club, responded to Mr. DOMSCHKE—But in his first attempt to disprove Mr. D's arguments, changed the subject to be discussed so much, that he had to be called to order.—This, however, did not deter him from indulging in rather *low* language, swearing and cursing, as he went along, and indulging in the most glaring misrepresentations of facts. Among others, he asserted that the negro was perfectly content in Slavery, that he [the negro] was not fit to enjoy liberty and the common rights of white men, and that, notwithstanding all possible education, centuries would elapse before the black man would be fit to enjoy the rights of white men.

Mr. HERTEL also attempted to defend the Democratic party, but, in beginning, he made use of such a vulgar expression, that the President called his attention to the fact afterwards.

Mr. DOMSCHKE is an able speaker, truly eloquent at times, and behaved *very* gentlemanly, which cannot be truly said of the Democratic speakers.

Before closing, we cannot but declare that Mr. BALATKA, as President, is deserving of all praise for the impartiality with which he presided during the discussion, and we doubt whether the Committees could have found a *gentleman* better adapted to perform the *difficult* task of presiding with impartiality during the debates.

The debate was well attended, the hall being densely crowded. The next discussion will probably come off in Market Hall, of which due notice will be given.

Judge STALLO, of Cincinnati, was present at the debate last evening, at the Republican House. He was afterwards serenaded at LANDA'S Hotel. He will address our citizens at Market Hall, this evening.

From Mexico.

The steamer *Texas* brings Vera Cruz dates to the 22d inst. The country was tolerably quiet. The Indians in the northern States were committing fearful ravages, and Vandusi has taken advantage of the fact to call the people of Sonora to his aid, offering to defend them against the Indians.

THE New Hampshire *Patriot* says:

"We can scarcely take up a religious newspaper of whatever denomination, or an agricultural paper, or a temperance paper, or a so called literary or miscellaneous journal, all *professedly neutral* in politics, and soliciting patronage from all classes in the community, but what you will discover a deep and settled hatred and opposition to the present Democratic administration, and the men and measures of the Democratic party generally, insidiously running through their columns, and more openly displayed whenever an opportunity offers to give an effectual side thrust."

Well, all this only shows into what general and universal contempt the "present Democratic administration" has fallen. If Frank Pierce and his coadjutors can't obtain a good word from any body, it is pretty sure thing that these "effectual side thrusts" are all richly deserved.

DANGEROUS COUNTERFEIT —Counterfeit five dollar bills on the Bank of Orleans, Albion, N. Y., are in circulation. A Buffalo exchange says a rascal was paying some of it on the railroad between Detroit and Toledo, a few days since, when officer Allen of that city, who happened to be aboard the cars, arrested him. He was searched, and fifteen hundred dollars of the above money was found concealed on his person. The counterfeit can only be detected by the absence of the engraver's name at the foot of the note. The genuine have the names of Rawdon, Wright, Hatch & Co. The frauds have no imprint whatever.

THE FRESHET ON THE HUDSON.—From Hudson to Yonkers it is estimated that $200,000 worth of property has been destroyed—The greatest loss is in and around Poughkeepsie. Most of the bridges have been destroyed and swept away; amongst them are the following: The Manchester bridge, covered, cost near $5,000; the Washington bridge, stone, cost about $3,000; the bridge in Bridge street, $500; and the Mansion street bridge worth $200.

TO-DAY, the two Congressional Conventions, Republican and Hunker, meet at Mineral Pt., to nominate candidates for Congress.

Two weeks from to-day, the Republican Congressional Convention meets at Racine.—Is it not time to call Assembly District Conventions in this County?

POWER OF THE HOUSE.

In speaking of the respective powers of both Houses, Mr. Madison says:

Notwithstanding the equal authority which will subsist between the two Houses on all Legislative subjects, except the originating of Money Bills, it cannot be doubted that the House, composed of the greater numbers, when supported by the more powerful States, and speaking the known and determined sense of the People, will have no small advantage in a question depending on the comparative firmness of the two Houses. This advantage must be increased by the consciousness felt on the same side, of being supported in its demands by right, by reason and by the Constitution; and the consciousness on the opposite side, of contending against all these solemn considerations

These considerations seem to afford ample security on this subject. Admitting, however, that they should all be insufficient to subdue the unjust policy of the smaller States or their predominant influence in the councils of the Senate—

This is precisely the condition of things that has now occurred. The Slave States, numerically smaller and inferior, are trying to compel the larger and more important Free States to submit to the use of U. S. Troops to extend Slavery and uphold mob law in Kansas. The Free States, through their majority in the House of Representatives, desire to prevent such a use of the Federal Troops and Arms—What course does Mr. Madison recommend them to pursue? This,

A constitutional and infallible resource still remains with the larger States. The House of Representatives can not only refuse, but they alone can propose the supplies requisite for the support of Government They in a word hold the Purse; that powerful instrument by which we beheld in the history of the British Constitution an infant and humble representation of People gradually enlarging the sphere of its activity and importance; and finally reducing, as far as it seems to have wished, all the overgrown prerogatives of the Government This power over the purse may, in fact, be regarded as the most complete and effectual weapon with which any Constitution can arm the immediate representatives of the people FOR OBTAINING A REDRESS OF EVERY GRIEVANCE AND FOR CARRYING INTO EFFECT EVERY JUST AND SALUTARY MEASURE.

This is just what the majority of the House are doing, in refusing to appropriate money for the Army, except with a proviso that none of it shall be used to promote disorder and crime.

That Proviso is in the following words:

"*Provided however, and it is hereby declared* That no part of the military force of the United States, for the support of which appropriations are made by this act, shall be employed in aid of the enforcement of any enactment of the body claiming to be the Territorial Legislature of Kansas, until such enactment shall have been affirmed and approved by Congress; but this proviso shall not be so construed as to prevent the President from employing there an adequate military force; but it shall be his duty to employ such force to prevent the invasion of said Territory by armed bands of non-residents, or any body of non-residents, acting or claiming to act as a *posse comitatus* of any officer in said Territory in the enforcement of any such enactments, and to protect the persons and property therein, and upon the national highway leading to said Territory, from all unlawful searches and seizures; and it shall be his further duty to take efficient measures to compel the return of and withhold all arms of the United States distributed in or to said Territory in pursuance of any law of the United States authorizing the distribution of arms to the States and Territories."

The New York *Tribune* well says:

"It will be seen that the President is nowise restrained by this Proviso from upholding and enforcing the Constitution and all the laws of the United States, and putting down all opposition thereto, no matter by whom made; on the contrary, he is at liberty to employ the whole army for that purpose, and to call out in addition the Militia of every State in the Union, should he think proper The passage of the bill as reported to and sanctioned by the House, leaves the President free to employ all the power and force of the Nation in putting down any shadow of resistance to the Federal Government or any act of Congress All that the House asks is that the Federal arms and treasure shall not be employed to "crush out" the Free State men of Kansas by enforcing against them the acts of the Border Ruffian assemblage elected by Missouri Bowie-knives and ballots on the 30th of March 1855, which usurped the name and functions of a Territorial Legislature of Kansas, and at Shawnee Mission last summer enacted all manner of "laws" affirming and justifying the existence of Slavery in Kansas and denouncing penalties of whipping, state prison and death, for all manner of resistance to such Slavery.

From Kansas.

The Border Ruffian organs at St. Louis, publish the following *stuff*:

Advices from border counties state that 2500 men would be ready to enter Kansas on the 22d It is reported that 400 of Davis' men are on the north side of Kansas river for the purpose of intercepting those who may go to the relief of Lecompton The Lexington *Express* of the 23d, says that Gen Smith has gone to Lecompton with a large force of troops for its defence Gen Richardson, in command of a large body of territorial militia, has gone to the north-western part of the territory to cut off Lane if he attempts to escape in that direction. Lane goes by the name of Col Cook. It is said he has 2,000 men in the field, with the prospect of a large reinforcement by the 1st of October.

THE PURCHASER OF DR. PENNINGTON —At the recent anniversary of West Indian Emancipation, held at Hartford, Conn., Dr. Pennington made a speech, and was followed by John Hooker, Esq., who commenced his address by playfully remarking that he *had formerly been a slaveholder but had emancipated all his slaves* (alluding to the fact of his purchase of Dr. Pennington from his old master in order to secure his liberty) He said he blamed the last speaker (Dr Pennington) for two things: first, it was customary for the master to speak before the slave, but, in this instance, the slave spoke before his master (laughter) Second, the bills announced that the Rev. Mr. Pennington, *D. D.*, and John Hooker, *Esq.*, would address the meeting. In purchasing Mr. Pennington, he became the owner of whatever property he might possess and in giving him his free papers he did not *transfer the title of D. D.*, so of course it remained his property) The bill should therefore have read, addresses will be delivered by John Hooker, *D. D.*, and Rev. *Mr.* Pennington (great laughter)

☞ English barristers have a ludicrous habit of identifying themselves with their clients, by speaking in the plural number "Gentlemen of the jury" said a luminary of the Western Circuit, "at the moment the policeman says he saw us in the tap, I will prove that we were locked up in the station house in a state of intoxication."

APPOINTMENTS BY THE GOVERNOR —Gov. Bashford has appointed W. C. Webb, Esq., of Wautoma, District Attorney of Waushara Co. He has also appointed Minor Strope Esq., of Stevens Point, County Judge of Portage county.

For the Free Democrat.

FREEDOM'S SONG.

BY LORENZO R. DARLING.

HURRAH for FREMONT! let the sound
Go forth from every vale around!
From every peopled hill and glen
Send out the shout, FREMONT! Free Men!

Our bleeding KANSAS brothers call:
Come, let us aid them, one and all,
So Slavery's cruel, galling chains
Can never blight those lovely plains.

Young FREMONT, then, is just the man,
In Freedom's fight to lead the van;
His name a tower of strength will be
To all free hearts, from sea to sea.

Oh, yes, the North will plainly tell
That she loves Freedom, and how well,
And cast a bold, defiant frown,
On those who knock her statesmen down.

With FREMONT for our President,
The South will fall of their intent
To link their chained and bleeding slaves
Where'er the nation's banner waves.

We'll rout the negro-catching clan,
For JAMES BUCHANAN's not the man
O'er noble freemen e'er to rule—
Like PIERCE, he's Slavery's pliant tool.

And MILLARD FILLMORE's sunk so low,
In Southern mire we'll let him go,
Condemned by all the brave and free,
Where'er he's known, on land or sea.

Then on for FREMONT! let the sound
Go forth from every vale around!
From every peopled hill and glen
Send out the shout, FREMONT! Free Men!

GREENVILLE, Wis., August 25th, 1856.

☞ The Newark (N. J.) *Zeitung* has come out for Fremont

☞ One hundred and nine journals in Ohio support Fremont and Dayton. In 19 counties there is not a Buchanan paper.

☞ It is said that one half of the patent right for a new process of tanning leather was recently sold in New York, for $300,000.

☞ The vote on the int rain of the La Crosse cars, last evening, stood, 59 for Fremont, 18 for Buchanan, 1 for Fillmore, and 4 neutral.

☞ Thomas H. Benton Jr., who lives in Iowa, and was lately Democratic Superintendent of Education in that State, is openly for Fremont.

☞ The Sham Democracy of the Detroit district, in Michigan, nominated Geo V. N Lothrop, as their candidate for Congress.

☞ The slavery extentionists of St. Louis held a meeting on the 25th inst, and resolved to sustain the Border Ruffians, and condemned the course pursued by the Free State men

☞ The Janesville *Standard* believes "a terrible wrong has been committed by the Free State men" in Kansas, in fighting their assailants.

☞ The Buffalo *Commercial* learns that the New York & Erie Railroad has leased the Elmira and Canandaigua road, and the Canandaigua and Niagara Falls road, for a term of years.

☞ The hopes raised in Poland by the Emperor Alexander's late promises have been entirely dispelled. The new Governor, Prince Gortchakoff, appears to treat notions of change with contempt.

☞ The Hamilton (Ohio) *Intelligencer* states that a Mr. Mollyneax of Oxford, the seat of Miama University, made a bet with a Republican a few days ago, that he could find at least twelve Buchanan men in that place. The bet being closed, Mr. M. went the rounds of the town, which contains a population of 1,500, and finding only *seven* of the twelve, gave it up

☞ A great Mass Convention of the friends of Fremont in Western Pennsylvania, will be held in Pittsburgh, on Wednesday, September 10th. Invitations have been extended to Messrs. Bridlingame, Sumner, Wilmot, Corwin, and many other distinguished speakers, to be present and it is anticipated that there will be at this time, the most splendid gathering of the campaign.

☞ The Hon James Meacham, who died in Middlebury Vt., on Saturday, was a Congregational clergyman, for several years settled over the society of that order, in New Haven, Vt, and for some time, a Professor in Middlebury College. He was first chosen to Congress as a Whig, six years ago this autumn served thro' the last five sessions, and would undoubtly have been re-elected next week, had not his career been cut short by death He was a man of decided abilities and firm Republican principles, and has suffered much from ill health the past winter.

☞ The Waukesha *Republican*, in its reply to the Kenosha *Telegraph's* strictures on its defence of duelling, says, "Duelling, though essentially a barbarous custom, is, undoubtedly, sometimes justifiable," and speaks of "the pulling yet mischievous peace societies"

A defence of "*essential barbarity*," openly acknowledged to be such, will not do much harm in Waukesha County. Neither will it help the Republican cause. In other respects, the *Republican* is doing excellent service for the good cause.

☞ We are indebted to somebody for a copy of the Second Annual Report of the State Historical Society of Wisconsin, printed by Calkins and Proudfit We notice many errors, which are inexcusable in a work of this kind. In a sketch of Senator Durkee, it is stated that, in 1850, he was chosen to a seat in the lower House of Congress, where he served his two years term." He was first chosen in 1848, and re-elected in 1850, serving four years If the Society cannot ascertain and state accurately, the history of our public man for *eight* years past, what reliance can be placed in the results of their other historical researches!

THE USE OF CHLOROFORM UPON ANIMALS It being necessary, a few days ago, to perform an operation upon a favorite horse belonging to Rev. A. W. Burnham, of Rindge, N. H., chloroform was given with complete success. The horse laid down quietly in a sound sleep, and did not wake till fifteen minutes after the operation was over, having apparently suffered not a particle of pain.

A WINDFALL.—We learn by the Newcastle (Eng) Journal that a chancery case has recently been decided in one of the English courts by which John McDougal, of South Boston, a hard laboring man, received £15,000, or $75,000.

Preparing for a Fight.

The Chicago *Tribune* has the following from a resident of Wisconsin, who left Leavenworth City on Thursday last:

The Free State men have assembled at Lawrence to the number of over one thousand fighting men, all of whom are well armed and firmly resolved, if attacked, to make desperate resistance They are throwing up intrenchments and breastworks around the town, in which they are assisted by their wives and daughters, who work by relays day and night, with courage and devotion which inspires their husbands, fathers and brethers with heroic and, we believe, unconquerable resolution.

They are already husbanding their provisions and ammunition, in expectation of a siege Our informant says that every woman is a soldier, and that, in the event of a fight, each will do a soldier's duty.

The Missourians were crossing into the Territory in great numbers.

Buchanan Stock in Dane County.

BELLEVILLE, Aug. 25th, 1856.

FRIEND BOOTH:—A large political meeting was held at Belleville, Dane county, on Friday, 22d inst. All parties being invited to participate, a grand rally was made on both sides—The meeting was called to order by the president John W. Norton, who introduced Geo. B. Smith and H. Lewis, of Madison, who spoke for Sham Democracy, and Buchanan, and J. J Bliss, of Belleville, John Lawton, of Dayton, and J. W. Johnson, of Madison, who spoke for Freedom and Fremont. The speakers were eloquent, and the congregation enthusiastic—At the close of the meeting a vote was taken for President with the following result. For Fremont between 600 and 700. For Buchanan *three* Men, *three* Women and *four or five small* Boys. So you see Buchanan's are rather scarce here. Yours Truly, P. W. DODGE.

EVASIVE.—The editor of the Washington Co, *Democrat* has an article in reply to our statement that, previous to his taking charge of that paper, he had been a Republican. He does not deny the charge, but says he has looked *in vain* for proof of it from his *own columns*, since he published a Buchanan sheet. Wonderful! Now, if the editor of the Washington Co. *Democrat*, will deny that he was a Republican last year, we will publish his denial. His personal allusions to us have no relation to the merits of that charge.

FRIGHTENED —The bill and speech of Senator Weller shows that the Buchanan-ites are thoroughly frightened at the uprising of the people. Both he and Senator Bayard admit that the Kansas laws are an outrage on the American people. How great it must be when the Buchanan leaders acknowledge it! Remorse comes too late

HUNG HIMSELF.—A German named William Stabe, a native of Mecklenburgh, German, hung himself, on Monday, on a tree opposite Chase's Saw mill, in the town of Waukesha. An inquest was held before Justice Shumway, and a verdict was returned that the deceased came to his death by his own hands. He has a family consisting of a wife and five children, in Germany. His body was taken to the Poor House and interred

THE N. Y *Tribune* says there is a report current, that F. P. Blair, Jr., contemplates resigning his seat, so as to be free to take the stump for Fremont.

FEEDING TIME.—In England the hour of dining indicates precisely the rank. The Queen dines at 8 o'clock, P. M.; the ordinary gentlemen at six; the professional people and richer classes of merchants and manufacturers, at four or five; the shopkeepers at two or three; clerks at one; working men at twelve As a man rises in social importance, his dinner hours advances. Some men of humble origin and great luck have eaten their way from plebian twelve all down the hours of the afternoon, and ended a glorious career by solemnly dining with royalty at eight; splendid reward for the labors of a lifetime

SEVENTH WARD AWAKE.—The independent voters of the Seventh Ward are requested to meet at the Court House, on Wednesday evening next, at 7½ P. M., for the purpose of organizing a Fremont Club for that Ward. aug25-13t

Fourth Ward Fremont Club.

The members of this Club met Tuesday evening, to hear and consider the report of the Committee on Constitution. A Constitution was reported and adopted.

The Building Committee were instructed to contract for the erection of the Rocky Mountain Camp House, which the previous meeting resolved upon building, on the corner of Second and Spring streets, the owners of the vacant lots on both corners having generously offered the Club the use of the ground. The Committee are to have the building ready for the next meeting of the Club, on Tuesday of next week, at which time the meeting will be supplied with speakers, and it is hoped there will be a large attendance. The whole expense of the construction of the Camp House, furnished with gas, is limited to the sum of $225.

A list was then opened for the enrollment of members, and a large number of names given in to the Secretary.

Mr. F. M. Lunt, having expressed his intention to prepare a banner for the Club, it was suggested to him that, if he needed the assistance of the ladies of the Fourth Ward, it would be cheerfully rendered. The meeting, having determined to make a "bee" on Monday next, for the raising of their camp, they adjourned to September 24, at 7½ o'clock P. M.

W. I. BUTLER, Secretary.

POLICE COURT, August 26.

Two cases of assault and battery against Frank Landa were settled, by Mr. Landa, paying $10 for the benefit of the poor, and the costs in each case.

The two German boys Wagelli, were brought down from jail, and, after a lengthy examination, were held for trial, on a charge of assisting a prisoner named Robbins to escape from the jail. The bail was fixed at $3000 each, and in default they were recommitted.

AUGUST 27th.—Herman Fordenforth, intoxicated and disorderly, sent to jail 10 days, in default of a fine of $5; Hugh Kelley, intoxicated, fined $1; Mathias Seaman, fast driving on bridge, fined $2.

Thos. Keogh vs. the city of Milwaukee; action for services as Clerk of the Board of Street Commissioners of the 3rd Ward; jury returned a verdict of $2 for plaintiff, while he cleared $12.

DELEGATES.—The democracy of the 1st and 7th Wards held a caucus last evening, and elected Arious McArthur as a delegate to the Racine democratic congressional Convention. The vote stood:

McArthur.....368
Schumacher.....233

McArthur is for Hadley. In the towns of Granville and Milwaukee, Mr. Schumacher is the delegate. He is also in favor of the nomination of Mr. Hadley.

HOTEL TO RENT.—By reference to our advertising columns it will be perceived that Capt. Jennings has a good Hotel in the Third Ward to rent. It has just been thoroughly fitted up, and whoever leases it will doubtless make money by the operation.

☞ There will be a great turn out of the Radical Democracy, at Market Hall, to-night, to hear Judge Stallo, Mr. Hoffman and Byron Paine.

☞ There was a false alarm of fire about 2 o'clock this morning.

JUDGE STALLO, was serenaded last evening, by a German band.

TO RAILROAD BUILDERS:

THE LA CROSSE AND MILWAUKEE RAILROAD Company invite *proposals* with plans and specifications, until Wednesday noon, October 15th next, for building a bridge over the Wisconsin River, on the line of their Road. The Road extends in a northwesterly direction across the State from Milwaukee on Lake Michigan, to La Crosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City in Columbia County. The river at the point runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point it is nearly at grade line of the Road, and about 300 feet apart. The water is about 20 feet deep, leaving in the middle of the stream a few feet of sand overlying the rock bottom—it is proposed to erect two piers about 50 feet from either bank, at which points the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends resting upon Lateral rock abutments. It is deemed desirable to construct the bridge so as to give a wagon way below the Railroad track, passing the latter over the higher section of the bridge.

The Company reserve the right to award the contract to any parties on any plan furnished; but in case of their giving the contract to any builder on a plan furnished by any other person, they will pay to the person furnishing such plan, the sum of FIVE HUNDRED DOLLARS in full consideration of the plan so furnished and adopted.

FEVER AND AGUE—CERTAIN CURE.

NO MORE USE FOR YOUR MIX-UPS, QUININE, Fowler's Solution, Arsenic, Mercury, or any of the villainous poisonous compounds which only relieve one disease to implant another more deadly, and will speedily send its unhappy victim finally, with a wrecked and broken constitution, to an early grave. Try Carter's Spanish Mixture, which contains none of these dangerous drugs, but cures by acting specifically on the liver, purifying the blood and strengthening the system, thus enabling nature to recuperate its energies by opening the pores of the skin, and expelling from the body all impurities and all medicines which clog and retard its free operation. More than one thousand persons have been cured by Carter's Spanish Mixture, after everything else had signally failed. As an example of its remarkable effects, Messrs. Davis & Hicks, of Antioch, Ala., write us that it cured a gentleman of chronic fever and ague, which all the efforts of Physicians and their remedies could not subdue. He only took three bottles. They say it sells very rapidly, and maintains its high reputation all through the country.

Astonishing Effect of One Bottle in an Aggravated Case of Dyspepsia.

PHILADELPHIA March 20, 1855.

DEAR SIR: During the last five years I have been afflicted with Dyspepsia, in the most aggravated form, and have used, without receiving any benefit therefrom, every remedy recommended for that disease. In fact I was in great danger of dying from suffocation, in consequence of the rise of matter in my throat, and all my efforts for relief were in vain. I was at last induced, through the recommendation of several of my friends, to try **Hoofland's German Bitters**, and I assure you that, to my great relief, I have received from the use of one bottle, a return-ing, and compel me to say that I would not be without the Bitters for any money, as I am now through their use, enjoying better health than I have known for many years.

Very respectfully yours,

TELEGRAPH.

ADDITIONAL BY THE NIAGARA.

The Steamer Hermann sailed from Southampton for New York on the 13th inst, and the the City of Manchester left Liverpool for Philadelphia on the same day, with 180 passengers. The screw steamer Canadian from Quebec arrived at Liverpool on the 16th.

A lamentable accident occurred on board the Canadian on the homeward passage. The Rev. H. Marsh drank by mistake a quantity of disinfecting fluid, and notwithstanding every exertion it proved fatal. His body was taken to Liverpool and an inquest held thereon.

The Cunard steamship Persia, from New York on the 16th, arrived off the bar at the entrance of the river Mersey, at 5:15 P. M., on Friday, the 15th, the passage being made in eight days, 23½ hours.

The crops throughout England, Scotland, and Ireland are reported to be excellent.

Miss Nightingale has returned to her home in Derbyshire, avoiding all the public demonstrations of welcome.

FROM THE BLACK SEA.—There was no seizure of Serpent Isle, as was reported. The island is nothing but a bare rock of very limited size, and contains only one building, which the Turks and Russians live in together, and the latter are treated by the former as their guests. The Gladiator had left again for the Black Sea. The remainder of the allied fleet has not yet left, France and Turkey having no disposable ships.

The evacuation of Turkish Territy, by the French troops, terminated on the 16th, and the British by the 18th.

It is confirmed that Russia is confirmed that Russia is constructing a first rate naval arsenal on the Island of Kis-ko, the Gulf of Bothnia.

The harvest in Asia is reported bad, but considerable stores remain from last year.

LATEST BY TELEGRAPH.

SATURDAY, Aug. 16.

Her Majesty and Royal Family returned to Osborne from Plymouth yesterday.

The Divan has received a formal renunciation of the Russian Government's claim to the Island Serpents. Kars will be delivered up to the Turks.

FRANCE.—Marshal Pellisier titled a Duke of the Malakoff, has a pension of 100 francs per annum.

SPAIN.—We have a report in the Gazette de France, that disturbances had arisen at Cadiz, in disarming the National Guards, but with this exception, the general disarming is carried out without resistance. The fears entertained of a scarcity in the crops, were disappearing.

PORTUGAL.—The government has sent a new steamer to Maderia, with a cargo of provisions and medicines. The cholera was increasing at Lisbon.

ITALY.—A report was circulated in the Paris Course that there had been an attempt at insurrection in Naples. It was not however true, and from the precautions taken to repress any attempt at rising it is not likely. The secret liberal press has however just issued another proclamation to the people, calling for them to agitate firmly and quietly.

Congressional.

In the Senate on the 22d inst, Mr. Weller said he was willing to do all in his power to obviate existing difficulties. The House had in different forms expressed their dissent from the law of the Kansas legislature, and he agreed with that body that some of those laws not only violate the organic act but the constitution of the U. S. He was therefore anxious to wipe the obnoxious laws off the statute book as infamous and atrocious in their character. He was the more ready to take this step being Chairman of the Committee on Military affairs, and of course anxious that the public defense should receive proper sustenance. If such a bill be passed, he thought there would be no difficulty in passing the army appropriation bill.

Mr Briggs desired that the bill should be referred to the Committee on territories, but withdrew the motion to enable Mr Wilson to offer an amendment declaring null and void the 151st chapter of the laws of Kansas, being an act to punish offences against slave property, together with such other provisions of said laws as recognise or protect slavery as a legalized institution in the territories, together with all the provisions to establish offenal oaths other than those specified in the organic act, or which require any Test with regard to slavery and the fugitive slave law to be applied to attorneys, jurors or voters, or which suspend the writ of habeas corpus, or which allow any other than actual residents of that territory to vote, or which allow jurors to be selected in any other manner than by lot—or which punish citizens of the territory by chaining them together and exposing them to labor on the public works or causing bands and chains of iron to be attached to them.

It also further declares that it is the deliberate opinion of Congress that all persons under arrest in the territory under indictment for treason or other political offences, are wrongfully detained and orders their immediate release. It directs the government of Kansas to order an election in the territory on Tuesday succeeding the first Monday in November next, at which time all persons who were actual and *bona fide* residents of the territory on the 1st of May, 1856, shall be entitled to vote and shall be eligible to office. It provides that members of both branches of the Legislature shall be chosen, and that the election shall be according to the enumeration and appointment ordered by the government.

A delegate to Congress shall be chosen; also sheriffs, probate judges, county commissioner and clerks, recorders, &c.

False swearing at any election is declared perjury, which shall be punished by an imprisonment of not less than three nor more than twelve months, and by a fine not less than $100 nor more than $500.

Ten days after election, all persons chosen shall be eligible to enter upon their duties to the exclusion of all persons now claiming such authority.

Mr Bayard regarded Mr. Weller's bill of no more effect than a declaration of rights, and as such, could not vote for it. He was free to admit that some of the laws of Kansas were shocking to the sense of the community, and that some of them invaded national rights.—Such laws he was willing by a declaration of rights to abrogate, because that was the only way in which Congress could act.

Mr Mason voted for and approved of the bill passed May, 1854 to organize the territories of Nebraska and Kansas because it gave the people the right to regulate their domestic institutions in their own way. This bill proposed to undo that work, and prescribe how far they should be free to make their own institutions, and in what respect they should not be thus free. This proposition did not meet his approbation. He would move to lay upon the table every proposition of that kind, until those who were endeavoring to carry into effect their revolutionary purposes should be reduced to submission. He moved that the bill and amendment be tabled.

Mr. Weller urged him to withdraw the motion. This being done, Mr. W. proceeded to speak in favor of action to abolish the infamous Kansas code, against which he spoke in strong terms.

Messrs. Butler and Brown opposed any further action.

In the House, the report of the McMullen and Granger affair was laid on the table.

Campbell of Ohio, moved an adjournment, but withdrew.

After some satirical remarks by Letcher on the report of the committee, Mr. Harris made an unsuccessful effort to proceed to consider unfinished business of last session.

The House refused by two majority to agree to Orr's motion for a call. Adjourned.

Further News by the North America.

M. Walewski and the Duke Pelissier are to distribute the Turkish medals to the French army. Only the wounded and invalids are to be permitted to receive the medals. Walewski had resumed his functions as Minister of Foreign Affairs. Pelissier had a martial welcome on his arrival in Paris.

The Algerin *Moniteur* describes a recent successful attack by a column of 8,000 men on a strongly posted force of Babors Kabyles.

The harvest had terminated in the south of France, and was proceeding in the center and north. It proved inferior beyond the Garonne and along the banks of the Rhine; middling between the Garonne and the Loire; but magnificent in every part of the country north of this last river.

RUSSIA.—The *Nord* affirms that the Russian Government has made a concession of Railway lines to capitalists, extending upward of 3,000 English miles.

According to the Brussels *Nord*, the Czar's coronation is postponed until September 7. (new style)

MADEIRA.—The West India mail conveyed disasterous accounts from Madeira. In Funchal alone there had been 5,000 cases of Cholera and 1,500 deaths, out of a population of 28,000. There was a deficiency in medicine and doctors, and the dead remained unburied. Fires were kept burning to mitigate the pestilence arising from the putrifying bodies.

John A. Martin, for many years United States Consul at Lisbon, died on the 3d inst., after an illness of only eight hours duration.

Duel.

ST. LOUIS, Aug 26.

The duel reported yesterday between Messrs. Brown and Reynolds was fought this morning on an island in the river, thirty miles south of this city, and resulted in Brown being wounded in the knee; Reynolds unhurt. All parties arrived home this evening. The difficulty which gave rise to the meeting was amicably settled by seconds, each party withdrawing all offensive language against each other.

BUFFALO, August 26, 1856.

The Propeller *Pauguassett*, running between Dunkirk and Toledo, took fire about 1 o'clock Friday night, whilst lying alongside of the dock at Dunkirk. She was cut loose and floated against the breakwater, where she burned to the water's edge and sunk.

THE INDEPENDENT:

—A—

RELIGIOUS FAMILY NEWSPAPER.

CIRCULATION OVER 25,000,

—AND—

Rapidly Increasing.

THAT NO OTHER WEEKLY RELIGIOUS NEWSPAPER ever met with the success of the *Independent* must now be unanswerably admitted. It has been the aim of the proprietors, without regard to expense, to make it rank in point of talent as high as the first journal of a similar character in the world; and to make it popular *only* so far as this could be done by treating boldly and fearlessly in behalf of God's law and truth—"not as pleasing men but God."

A crisis has arrived when every Christian is called upon to ask, "Lord what wilt Thou have me to do?" in a conflict for principle and human rights as great as the world has ever seen. No voice can now be silent with impunity. If the religious press of Christian men now refuse either to speak or to act, the very stones will cry out for Heaven's swift judgments, and we shall be left as a nation to fill up the measure of our iniquity.

Now is the time to prove who are the true lovers of liberty, and to demonstrate who are the worthy descendants of the fathers of the Revolution, who were willing to lay down their lives to secure for this infant country an inheritance of freedom.

The *Independent* will enter the field side by side with *all* who desire to do battle for *Truth, Justice* and *Humanity*. With all the power God may give us, it will urge the Christian public to do with their might what their hands find to do to save our beloved country from the death-grasp of Slavery. It will advocate Freedom of Speech, Freedom of the Press, Free Soil, Free Men, and—Fremont for the next President. Those who think a religious paper should not thus openly join the secular press in doing this extraordinary work, are informed that the matter has been calmly considered, the cost counted, and the conclusion deliberately and conscientiously arrived at, that duty to God and man preclude a moment's hesitation as to the course which ought to be taken by this paper. Those who sympathize with it, of every name and party, and they are *thousands*, will find the cause by doing all they can to extend its circulation.

Those unacquainted with the *Independent* are informed that the paper will contain articles weekly as follows:

1st. Religious Editorials, Selections, and current Religious News.
2nd. Editorials discussing the great Moral and Political Questions of the day.
3rd. Communications from regular weekly contributors, embracing every variety of topic suited to a Christian family—to the *living*, not to the *dead*.
4th. Foreign and Domestic Correspondence.
5th. Reviews and Special Articles on important topics by the ablest living writers.
6th. An Article on Agriculture, embracing information from all parts of the country in relation to the condition of the crops.
7th. A Review of the New York Cattle and Produce Market.
8th. A Price Current carefully corrected weekly.
9th. A Commercial and Financial Article, embracing topics named especially to the fast life, and containing all the important news of the day, including a List of Failures from all parts of the country.
10th. Poetry, Religious Items, Reports of Public Meetings, Book-Notices and Reviews, and other matters interesting to the reading public.

BOWLING FOR THE MILLION!

The Nucleus of Pleasure Reduced to Five Pence

DURING THE DAY!

THE "BADGER STATE" SALOON TRIUMPHANT!

Roll away, roll away, roll away all,
Set up the pins, boys, the price is but small;
Off with the coat, now, and roll up the sleeve,
And at it, my jolly lads—heave away, heave.

With the arms' muscles bare, for one hour, fling
Bullets to the air, and at five cents a string;
Roll away, roll away, hearty and strong,
I will do to the man, that his life thus prolong

Who would sit moping all day in his chair,
When pleasure and profit, so rich and so rare,
Can be had, and that, too, at such a cheap rate,
At the Bowling Saloon of the old "Badger State.

Come, then, "young America," foreigners too,
Here's rolling and tumbling—not just for the few,
But for old and for young, rich and poor—
Come join in the run at the old "Badger Stat."
